Tournament Divisions/Team Placement

It is our goal at MYHockey Tournaments to place teams in divisions which provide the closest match to your team's age and skill level. This goal is made more difficult because age divisions and skill classifications vary from state to state and between the US and Canada. It is possible that your team may play teams that are slightly older or younger than those in your home playing area or with a different designation, AA, A, B, AE, etc. for skill level.

*Beginning in 2013-14, Canadian pee wee teams will be playing non-checking games. All tournament pee wee divisions will be played as non-checking divisions.*

Age groups for teams from the US and Canada are largely the same, however areas with larger numbers of players, Ontario, Michigan and Western New York, for example, separate major and minor aged players within the age group. When evaluating placement the age make-up of a team is one of the first factors we explore.

**Skill Levels**

Most teams and associations are familiar with the website, [www.myhockeyrankings.com](http://www.myhockeyrankings.com). The rankings website includes game scores for teams of many levels across North America and calculates ratings and rankings for teams based on their scores and the scores of their opponents. Differences between ratings are useful in predicting competitiveness between teams. The rankings website is the single best resource for comparing and placing teams and we will place teams primarily based on rankings and ratings at [www.myhockeyrankings.com](http://www.myhockeyrankings.com).

In some cases a AA team from one league may fit best into an A division based on their ranking/rating and an A team from another league may fit best into a AA division based on their ranking/rating and we will make these types of placements when appropriate. For early season tournaments, we may utilize ranking and rating info from previous seasons as well as our experience with organizations, teams and leagues to guide placements. As the season progresses, the rankings and ratings become more accurate and this information becomes the primary reference source used to place teams.

The final decision in regard to placement is ours. We have extensive experience in placing teams from throughout North America and we reserve the right to make the final decision on placement. We are very happy to discuss your team's placement, based on all of the information we have, and the rankings/ratings of the other teams within your team's division.

Examples of divisions that we often field:

**AA or Major divisions** - Teams in AA or Major divisions will often be the "best" or first picked travel team within a Tier II organization. These teams will often consist primarily of "second year" or "major" aged players within the age group. In some cases, Major aged "A" teams, with an appropriate ranking/rating will fit best into these divisions. We will sometimes field multiple AA or Major divisions within a tournament and will designate these as AA1, AA2, etc. or Major 1, Major2, etc. The idea behind fielding multiple divisions is to provide a narrower range of competition. There will be separate champions for each division.

**Minor divisions** - when divisions are labeled as "minor" they will include only minor aged players within the age group. In areas close to many minor aged teams, we will commonly field minor aged divisions. The teams in the minor divisions may include Minor AA, Minor A or Minor AE teams and will be grouped based on their myhockey rankings/ratings into competitive divisions. We will sometimes field multiple Minor divisions within a tournament and will designate these as Minor 1, Minor 2, etc. The idea behind fielding multiple divisions is to provide a narrower range of competition. There will be separate champions for each division.

**A Level** - Teams in the A divisions will generally be the second, and possibly lower, travel level teams chosen within a Tier II organization. These teams will often consist primarily, but not necessarily exclusively, of "first year" or "minor" aged players within the age group. In some cases, AA teams with lower rankings/ratings may fit within the A divisions. We will sometimes field multiple A divisions within a tournament and will designate these as A1, A2, etc. The idea behind fielding multiple divisions is to provide a narrower range of competition. There will be separate champions for each division.

**B Level** - Teams in the B divisions will generally be the third, or lower, travel level teams chosen within a Tier II organization or teams that are classified as Tier III. In many leagues, there are multiple A levels designated in different ways, Gold, Silver Bronze, Upper A, Lower A, A1, A2, etc. and in some areas the third level of play with in a league is designated as B In some cases, these "lower A", "A2" or other "A" labeled teams may compare directly to B level teams from other areas. We will utilize rankings/ratings information to compare these teams and leagues to make appropriate placements and so some of the teams within the B divisions may play under an A level in their home area. We will sometimes field multiple B divisions within a tournament and will designate these as B1, B2, etc. The idea behind fielding multiple divisions is to provide a narrower range of competition. There will be separate champions for each division.

**House Level** - House divisions are fielded exclusively in our Chicago, IL, Holland, MI and Fort Wayne, IN locations and will include only teams chosen through a draft, in which all players within an organization are assigned to a team, with the goal of creating teams of equal skill level, within their own organization, with no players "cut".

Schedule Release

Schedules are generally released and sent to team contacts, along with final hotel information and confirmations, two weeks prior to the tournament start date. It is important to note that entry fee balances and all required documentation must be received prior to release of the schedule to your team. We will contact you if additional information is required. The schedule will generally be published to our website for public viewing four to five days prior to the tournament start date.

Tournament Start and Finish Times

Tournaments held Friday through Sunday will begin at approximately 12:00 noon on Friday and all championship games will be concluded by approximately 6:00 pm Sunday. Exceptions to these guidelines include Thanksgiving weekend tournaments, when play will begin at 7:00 am on Friday.

For Saturday through Monday tournaments, held over various holiday weekends, play will begin on Saturday at 7:00 am and all championship games will conclude by 6:00 pm Monday.

Generally, younger teams (mites, squirts, pee wees) begin play earlier each day and will complete their championship games earlier on Sunday or Monday. Bantam and Midget teams will begin later on Friday or Saturday and will play the later championship games on Sunday or Monday.

We will always be candid with your team contacts regarding what we can and cannot do in regard to the schedule and we ask team contacts to be candid with their parent groups in regard to scheduling guidelines and parameters. Plan for success when making flight arrangements; assuming that your team will play in the championship game on the last day of the tournament.

Air Travel and Scheduling Requests

Teams traveling by air should provide us with flight times no later than 21 days prior to the tournament start date. If you are considering flight times that conflict with the guidelines listed above, please contact us to discuss the times before booking.

If your team is planning a team function or would like to attend another event, please provide us with that information at least 21 days prior to the tournament start date. It is generally best to check with us before purchasing tickets or making reservations and we will confirm our ability to meet your schedule request.

Once the schedule is released, it is unlikely that we will be able to make changes to accommodate your schedule request. Please remember that once the schedule is released, your request to change the schedule will affect your opponent and probably several other teams. We will do our best to accommodate your schedule requests prior to release of the schedule and we will be candid with you about what we can and cannot do, but most teams prefer that the schedule remains stable once it is released.
Tournament Hotels
Policies and Procedures

MYHockey Tournaments has secured room blocks for all out-of-town teams participating in each of our tournaments. **As a condition of acceptance, all out-of-town teams must reserve rooms through MYHockey Tournaments and stay in an authorized hotel.**

Teams will be eligible for one complimentary guest room per night for the team manager, coach or bus driver when a minimum of 15 guest rooms are reserved and paid for by the team per night. *(Pay for 15 get the 16th free per night per team.)*

Any team whose home rink is greater than 70 miles from the tournament rink will be required to comply with MYHockey Tournaments’ hotel policies and procedures. Out-of-town teams must utilize a minimum total of 20 hotel room nights during the tournament (as an example, 10 hotel rooms per night, for two nights, would result in a total of 20 hotel room nights during the tournament).

**Please do not contact hotels directly as team reservations must be made via rooming lists. Team reservations will not be accepted over the phone.** Upon registration, team contacts will receive rooming list forms and instructions to complete the reservation process.

Rooming lists must be completed and returned to MYHockey Tournaments no later than approximately **three weeks** prior to the tournament start date. Space in many of the tournament hotels is limited and rooming blocks will be assigned on a first-come, first served basis in the order in which rooming lists are received.

We receive many requests from teams within the same organization wishing to stay together in a single hotel. We make every effort to accommodate these requests and early receipt of completed room lists will facilitate our efforts.

MYHockey Tournaments offers an outstanding selection of hotels in each of our tournament cities, chosen to provide comfortable accommodations and first class service to all of our out-of-town guests.

Listed below are several partner hotels for each of our tournament locations. When your team enters, ask your manager to inform us that you are a MYHockey Rankings volunteer and your discount will be applied. This special discount will be applied one time throughout a calendar year for each volunteer.

Multi-Tournament and Multi-Team Discount offers may not be combined for a single tournament entry fee, but either may be combined with an Early Entry Fee discount or the MYHockeyRankings.com Volunteer Discount. No other discount offers may be combined or applied to the first or second tournament when teams use the Second Travel Tournament Discount. A MYHockey Tournaments representative will work with you to determine the maximum discount to which your team is entitled.

Deposits, Payment Due Dates and Cancellation Policies

Teams may register by completing the registration form and sending with full payment or a $250 non-refundable deposit. The entry fee balance is due, and only full payments will be accepted, 45 days prior to the tournament start date. $250 of the full payment, or the $250 deposit, is non-refundable immediately upon receipt. Within thirty days of the tournament start date, the entire entry fee is non-refundable.

Teams canceling their tournament entry within thirty days of the tournament start date are not entitled to any type of refund. If we are able to fill your team’s spot with a team that is paying an entry fee to play in the tournament, we will apply a credit to entry in a future tournament. No refunds, by cash or check, will be made.

Roster Requirements

All teams are required to present a copy of their official roster that is issued by their respective sanctioning body, either USA Hockey or Hockey Canada. For tournaments in Illinois, rosters must be received 72 hours prior to the tournament. For all other locations please provide a copy of your official, certified roster to our on-site director at the site of your first game.

Only players included on your team’s official roster may participate in the tournament. This is a requirement of our USA Hockey sanction so that all team’s insurance will be in force. This rule also protects all teams from the possibility that players of a higher level would be added to any team. If you must add players to your roster due to injuries or other issues, these players must be formally added to your official roster by USA Hockey or Hockey Canada. Please contact your local associate registrar or your organization’s registrar with questions on rules and procedures for adding players to your certified roster.
MYHockey Tournaments Registration

As a condition of acceptance, out-of-town teams must reserve hotel rooms via rooming lists thru MYHockey Tournaments, and stay in an authorized hotel.
